Fees - annual club fees are currently \$100. Members also pay a \$5.00 weekly match fee. These fees are reviewed annually.

Playing and Scoring – RPLGC uses the MiScore App to simplify the scoring process. It automatically calculates final scores based on your handicap. This App is downloaded to your phone from the App store. Cost is approximately \$20 per year. <https://miscorescore.com.au/>

Members **without a Golf Australia (GA) handicap** will initially need to use a manual scorecard. New members need to submit either three x 18 hole cards **OR** six x 9 hole cards to obtain a GA handicap.

All members are encouraged to use **OneGolf** (1golf.com.au) to book a game and tee time, and use the **MiScore** system for scoring games. Scorecards are available for those who need them.

To access **OneGolf**, use up to the last four digits of your golflink number removing the leading 0's (e.g. 3302400023 becomes 23 and 3302400103 becomes 103) and your password. Click where there is a space on the timesheet and your name will automatically be entered. The red cross near your name allows you to cancel a booking. Each week the club captain can see how many players have

registered to play and this enables them to liaise with the Pro Shop about the number of tee off times needed for our members.

****Each week** when you arrive at the club rooms, record our name in the players book so that the captain/s can organise the playing groups for the day. This ensures that members get to interact with a range of people, and that new members are supported. The **\$5 match fee** can be paid online or in cash on the day.
